6. Frequently Asked Questions

1. Overview

The **Internship Management System (IMS)** is a web-based platform for managing On-the-Job Training (OJT) programs in a telecom-grade internship environment.

IMS brings together everything needed to run a structured internship program — from daily attendance and progress tracking to formal request approvals and document management — in one secure, role-based platform.

Intern

- Log daily attendance (clock in/out)
- Track OJT hours and progress
- Submit absence and overtime requests
- Upload and manage documents
- View assigned tasks

Supervisor

- Monitor all assigned interns
- Approve or reject requests
- Assign tasks and manage projects
- Review and correct time logs
- Configure intern schedules

Supported Departments

Department	Code
International NOC	ISOC
Regional Service Center	RSC
Customer Network & Facilities Management	CNFM

2. Getting Started

| Creating an Account

Registration uses a guided multi-step flow. Steps vary by role.

Step 1 — Account Details

Field	Notes
Name	Your full name
Email	A valid email you can access — required for OTP verification
Password	Minimum 8 characters
Confirm Password	Must match the password above
Role	Select Intern or Supervisor
Department	Supervisors only — select ISOC, RSC, or CNFM

Click **Continue**. Supervisors skip to email verification. Interns proceed to OJT Setup.

Step 2 — OJT Setup (Intern only)

Field	Notes
Total OJT Hours	Required hours from your school (e.g., 500)
Start Date	Your official OJT start date
Department	The department you are assigned to
Course	Your degree program — type to search
School	Your university — type to search

Click **Complete Signup**.

Step 3 — Email Verification

- 1 A **6-digit OTP** is sent to your registered email address.
- 2 Enter the code in the **OTP Code** field.
- 3 Click **Verify OTP**.
- 4 If the code expires, click **Resend OTP** to get a new one.

OTP codes are time-limited — verify promptly after receiving the email.

Step 4 — Account Ready

A success screen confirms your account is active. Click **Go to Login**.

| Logging In

- 1 Open the IMS login page.
- 2 Enter your registered **Email** and **Password** .
- 3 Click **Log In** .
- 4 You are redirected to your role-specific dashboard automatically.

| Forgot Password

- 1 On the login page, enter your email address in the Email field.
- 2 Click **Forgot Password?**
- 3 If an account exists for that email, recovery instructions are sent.

3. Intern Guide

Dashboard

Your home page — a live overview of your OJT progress and recent activity.

Welcome Banner

Displays your name, **Intern** role badge, department, course, and school. The **Rendered / Projected** toggle in the top-right controls which hours count toward your progress:

Mode	What it counts
Rendered	Submitted time logs plus any session currently active
Projected	Rendered hours plus future approved and pending overtime/absence requests

Stat Cards

Card	Description
Hours Needed	Your total required OJT hours
Hours Completed	Hours logged so far; updates live during an active session
Hours Remaining	Hours left until your OJT is finished
Working Days Needed	Estimated working days remaining based on an 8-hour day

Progress Bar

Shows your completion percentage. The footer displays hours remaining versus total required. Once you reach 100%, it displays *Completed*.

Estimated End Date

A projected OJT completion date calculated from your start date, remaining hours, and schedule. After completion this changes to **Completed On** showing your actual finish date.

Recent Activity

A feed of your latest log-in, log-out, and request decision events. Click **View** on a request event to jump to that request on the Requests page.

Assigned Tasks

Lists up to 10 tasks assigned by your supervisor, sorted by due date. Click **View** to open the task in the Activity Log.

Time Log

Record your daily attendance by clocking in and out.

Clocking In

- 1 Navigate to **Time Log** from the sidebar.
- 2 Select the **Date** (defaults to today).
- 3 Set your **Time In** .
- 4 Toggle **Lunch Break** if you want a lunch period deducted.
- 5 Click **Log In** — your session starts.

If you leave and return to IMS during an active session, elapsed time continues accumulating and is shown live on your Dashboard.

Clocking Out

- 1 With an active session running, set your **Time Out** .
- 2 Click **Log Out** — the entry is saved and hours are added to your total.

Time Log History

Column	Description
Date	Day of the entry
Time In	Clock-in time
Time Out	Clock-out time
Total Hours	Hours worked that day
Status	Recorded for all saved entries

Use the filter tabs to switch between **Entries** (regular logs) and **Override Requests** (corrections).

Override Request

Submit this when you missed a clock-in or clock-out, or need to correct an existing entry.

- 1 Click **Request Override** in the Time Log page.
- 2 Enter the correct **Date** , **Time In** , **Time Out** , and a **Reason** .
- 3 Submit — your supervisor will approve or reject the correction.

Exporting Attendance

Click **Export Attendance**, select a month, and a PDF of your time log is downloaded automatically.

| Activity Log

View tasks and work logs assigned to you by your supervisor.

- Expand any entry to see full details, attachments, and notes.
- Tasks show their status, priority, and due date.
- Clicking a task from **Dashboard** → **Assigned Tasks** opens the Activity Log with that task highlighted.

| Requests

Formally notify your supervisor of absences or extra hours worked.

Request Types

Type	When to use
Absence	A planned or past day you could not attend your internship
Overtime	Extra hours worked beyond your regular schedule that should count toward your OJT total

Submitting a Request

- 1 Navigate to **Requests** .
- 2 Click **New Request** .
- 3 Select the **Request Type** .
- 4 Set the **Date** and fill in required details.
- 5 Click **Submit** .

Request Statuses

Status	Meaning
Pending	Submitted — awaiting supervisor review
Approved	Accepted — hours are factored into your OJT progress
Rejected	Declined — does not affect your hours
Expired	Request date passed without a decision
Archived	Manually moved to archive by you

Managing Requests

- **Archive** — move a resolved request out of the active list.
- **Bulk archive** — select multiple requests and archive them at once.
- **Delete** — permanently removes an archived request. This cannot be undone.

Documents

Your personal file storage within IMS for OJT-related documents.

Uploading Files

- 1 Navigate to **Documents**.
- 2 Click **Upload** and select a file — or **Add Link** to attach a URL.
- 3 Choose a destination folder (defaults to *My Documents* root).
- 4 Confirm the upload.

Managing Folders

Action	How
Create folder	Click New Folder , enter a name, confirm
Navigate into folder	Click the folder name
Rename folder	Use the rename action next to the folder
Delete folder	Use the delete action next to the folder

Sharing Documents

Click the **Share** icon on any file and choose a visibility mode:

Mode	Who can see the file
Private	Only you
Everyone	All users in the system
Specific users	Search and select individual users
Everyone except	All users except selected individuals

Copy the share link from the dialog to send directly to someone.

| Settings

Profile

Update your **Full Name**, **Email**, **Phone**, and **Department**. Upload a **Profile Photo** (JPEG, PNG, WebP, or GIF; max 5 MB). Click **Save Changes**.

Security

Enter your current password and a new password (minimum 8 characters) to update your login credentials.

Notifications

Notification	Triggers when
Status Updates	A supervisor approves or rejects your request
Document Uploads	A document is shared with you
Time Log	Reminders related to your attendance

Supervisors

Displays supervisors assigned to oversee your OJT. If this list is empty, ask your supervisor to assign you from their Intern Management page.

4. Supervisor Guide

Dashboard

A consolidated view of all interns you supervise and any pending actions requiring your attention.

Pending Requests Panel

Shows all unreviewed Absence and Overtime requests from your assigned interns. New requests appear here immediately when submitted — use it as your daily action queue.

Intern Status Table

Column	Description
Name	Intern's full name
Course / School	Academic background
Hours Completed	OJT hours logged so far
Hours Required	Total OJT hours required
Progress	Percentage toward completion
Today's Time In/Out	Clock-in and out times for today (if logged)
Estimated End Date	Projected OJT completion date

Status filter — narrow the list to *All*, *Active*, or *Inactive* interns.

Intern Management

Assigning Interns

Go to **Intern Management** and assign interns to your supervision. An intern not assigned to any supervisor will not appear on any supervisor's dashboard.

Setting an Intern's Schedule

Each intern can have a custom schedule that affects time log defaults, working day calculations, and absence/overtime hour projections.

Field	Description
Shift Start	Expected daily start time (e.g., 09:00)
Shift End	Expected daily end time (e.g., 17:00)
Days Off	Days when the intern does not work (default: Sunday and Saturday)

Projects

- 1 Navigate to **Projects** .
- 2 Click **New Project** .
- 3 Enter a project name, description, and optional deadline.
- 4 Open the project and use the assign controls to add interns.

Each project shows associated tasks, their statuses, and which interns are working on them.

Time Log Review

Viewing an Intern's Time Log

Select an intern from the list in the supervisor Time Log page to see their full attendance history: all recorded log-in/log-out entries, daily totals, and override requests.

Reviewing Override Requests

- 1 Open an intern's Time Log.
- 2 Switch to the **Override Requests** tab.
- 3 Review the submitted date, times, and reason.
- 4 Click **Approve** or **Reject** .

Decision	Effect
Approved	Corrected entry is added to the intern's time log and hour total
Rejected	Original record stands; intern is notified

| Activity Log Management

Creating a Task

- 1 Navigate to **Activity Log** .
- 2 Click **New Task** .
- 3 Fill in title, description, assigned intern(s), due date, and priority.
- 4 Save — the task appears on the intern's Dashboard and Activity Log.

Task Statuses

Status	Meaning
Pending	Not yet started
In Progress	Actively being worked on
Completed	Finished
Overdue	Past due date and not completed

| Requests Review

Navigate to **Requests** to review all pending intern requests. Click **Approve** or **Reject** on each card.

Decision	Effect on intern's hours
Approve Overtime	Adds hours to the intern's projected total
Approve Absence	Deducts equivalent hours from the intern's projected total
Reject	No change to hours; intern is notified via their activity feed

6. Frequently Asked Questions

| Account & Login

I entered the correct password but cannot log in.

Double-check that your email address is typed correctly — passwords are case-sensitive. If you still cannot log in, use **Forgot Password?** on the login page.

My OTP expired before I could verify my email.

On the Verify Email step, click **Resend OTP**. A new 6-digit code will be sent to your registered email address.

Can I change my role after registering?

No. Role selection is permanent at registration. Create a new account with the correct role if needed.

I don't see my supervisor in Settings → Supervisors.

Your supervisor must assign you from their **Intern Management** page. Contact your supervisor and ask them to complete the assignment.

| OJT Hours & Dashboard

My hours look lower than expected on the dashboard.

Check whether you have an active session still running. Hours from an active session count live but are only saved permanently after you clock out. Also confirm your Total OJT Hours and Start Date are set correctly from your signup.

What is the difference between Rendered and Projected progress?

Rendered counts only submitted time log hours plus any currently active session. **Projected** adds pending and approved future overtime/absence requests on top. Switch to Projected to see your estimated progress once pending requests are resolved.

My estimated end date seems too far in the future.

The estimate is based on remaining hours divided by an 8-hour working day, skipping your assigned days off. If your daily hours differ or you have many absence requests pending, the estimate adjusts once those are resolved.

| Time Log

I forgot to clock out yesterday. What do I do?

Submit an **Override Request** from the Time Log page. Enter the correct date, actual time in and out, and a brief reason. Your supervisor will review and approve the correction.

Can I edit a time log entry directly?

Existing entries cannot be edited directly. Submit an Override Request to correct any entry.

What does the lunch break toggle deduct?

It deducts a standard lunch period from the total hours for that session. Enable it if your internship schedule includes an unpaid lunch break that should not count toward OJT hours.

| Requests

I submitted an overtime request but my projected hours did not change.

Switch the Dashboard toggle to **Projected** — only the Projected view reflects future approved/pending requests. The Rendered view updates only when you actually log the hours.

What happens to an Expired request?

Expired requests had their date pass before a supervisor decision was made. They no longer affect any hour calculations and can be archived or deleted.

Can I delete a Pending request?

Archive it first, then use the delete action on the archived item. Deletion is permanent.

| Documents

Can I recover a deleted document?

No — deletions are permanent. Download or back up important files before removing them.

I shared a document but the recipient cannot see it.

Open the Share dialog and confirm the visibility mode includes the recipient. If you used *Specific users*, verify the correct user was selected. If you used *Everyone except*, check they were not accidentally added to the exclusion list.

| Supervisor-Specific

An intern does not appear on my dashboard.

Go to **Intern Management** and assign that intern to your supervision. Only assigned interns appear on your dashboard.

I changed an intern's schedule but their estimated end date did not update.

The estimate recalculates the next time the intern's dashboard loads. Ask the intern to refresh their page.
